

12:00 – 05:00 PM	<b>Welcome Reception and Registration</b>
06:00 – 07:00 PM	<b>Opening Ceremony</b> <b>National Anthem</b> <b>Qur'an Kareem</b>
06:00 – 06:05 PM	<b>ESNS secretary General</b> <b>Hossam El Huseiny</b>
06:05 – 06:10 PM	<b>AANS Pediatric section Representative</b> <b>Friedrich Boop</b>
06:10– 06:15 PM	<b>Vice-President AANS,</b> <b>Chair AANS International Outreach Committee</b> <b>Assistant Treasurer – WFNS:</b> <b>Christopher Loftus</b>
06:15 – 06:20 PM	<b>ESNS President</b> <b>Mohamed El-Fiki</b>
06:20 – 06:25 PM	<b>WFNS President</b> <b>Peter Black</b>
06:25 – 06:30 PM	<b>Governor of South Sinai</b>
06:30 – 07:00 PM	<b>Key Note Address</b> Introduced by Prof. Dr. Sayed El-Gindi <b>“WFNS and Egyptian Neurosurgery”</b> <b>Peter Black</b> President WFNS Harvard Medical school, Boston, MA; USA.
07:00-09:30 PM	<i>Session (1)</i> <i>Opening session</i>
	<b>Chairpersons:</b> Ethem Beskonakli, Hussam El-Husieny, Christopher Loftus, Yasushi Matsumoto, T. Tominaga,
07:00-07:30 PM	<b>Special Guest Speaker</b> Introduced by Prof. Dr. Gamal Azab <b>“My application of endoscopy in neurosurgery”</b> <b>Madjid Samii</b> Hannover; Germany
07:30-08:00 PM	<b>Evidence-Based Treatment Options for Benign Meningiomas.</b> <b>William Couldwell.</b> Salt Lake City, Utah; USA.
08:00-08:30 PM	<b>Management of Craniopharyngiomas: role of endoscopic approach.</b> <b>F. Gentili,</b> Toronto, Canada
08:30-09:00 PM	<b>The Role of Advanced Neuro-imaging as an Adjunct to Surgical Planning in Pediatric Brain Surgery.</b> <b>Frederick A. Boop,</b> Memphis, TN; USA

09:00-09:30 PM	CEA versus Stent: What is the best treatment in 2010? <b>Christopher Loftus</b> . Temple, Pennsylvania; USA
09:30 pm	Dinner

Thursday: March 11, 2010

<i>07:30-09:00 AM</i>	<i>Session (2) General (Morning Session)</i>
Chairpersons:	Fred Gentili, Mohamed Mohi, Abdul-Hafiez Shehabul-Din, Ibrahiem Sobieh, Toshiki Yoshimini,
07:30-07:42 AM	Spinal cord stimulation for central post-stroke pain. Mohamed Ali; Youichi Saitoh; Koichi Hosomi ; Satoru Oshino; Haruhiko Kishima; Hirata M; <b>Toshiki Yoshimine</b> , Osaka; Japan.
07:42-07:54 AM	Hypoglossal-Facial Anastomosis after Facial Nerve Injury: Technique and Outcome. <b>Ali Kotb Ali</b> , Ain Shams, Egypt.
07:54-08:06 AM	Our Experience In Management of Iliopsoas abscess. <b>Mohamed Hossam Eldin Abu Shahba</b> , Hedaya Hendam, Ahmed Taha. Damytha, El-Azhar; Egypt.
08:06-08:18 AM	Management Modalities and Outcome of Intracranial tuberculoma. <b>Mohammad Mansour</b> , Hassan Hamdy*, Essam Elgamal, Sherif Elwatidy, Zain Alabedeen Jamjoom, King Khaled, Riyadh, Saudi Arabia.
08:18-08:39 AM	Success Rate of ETV in Infants with Congenital Hydrocephalus. Ahmed Zohdi, Khaled B. Aly, Ashraf AboulNasr, Ehab El Refaey, and <b>Ahmed El Damaty</b> . Cairo, Egypt.
08:39-09:00 AM	The Circle Before Willis – A Historical Account of the Intracranial Anastomosis. <b>William Bui LO</b> , Harold ELLIS. University Hospital, Coventry; UK.
<i>09:00-11:00 AM Hall(A)</i>	<i>Session (3) Pediatric Neurosurgery</i>
Chairpersons	Fredrick Boop, Yasushi Matsumoto, Mamdouh Salama, K. Zohir, A. Zohdi.
09:00-09:30 AM	Current Management Strategies and Outcome for Childhood Ependymoma. <b>Frederick A. Boop</b> . Memphis, Tennessee; USA
09:30-09:45 AM	“Facebook” of pediatric brain tumors. <b>Ahmed El Damaty</b> , Khaled B. Aly, and Amr Safwat. Cairo; Egypt.
09:45-10:00 AM	Application of Endoscopy for Pediatric Skull Base Tumors. <b>Charles Teo</b> . Sydney; Australia
10:00-10:15 AM	Role of Intraoperative Ultrasound in Resection of Pediatric Brain Tumors. <b>Mohamed El Beltagy</b> . Cairo; Egypt.

10:15-10:30 AM	Integrative Molecular Profiling of Pediatric Low-Grade Astrocytomas. <b>Mark W. Kieran</b> . Harvard University, Boston; USA.
10:30-10:45 AM	Intra-cerebral Hemorrhage in children. <b>Ihab Zidan</b> , Amal Ghanem, Alexandria; Egypt.
10:45-11:00 AM	Management of vascular lesions in Children. <b>Juha Hernesniemi</b> . Helsinki, Finland.
11:00-11:30 AM	Coffee Break

*11:30 AM-01:45PM  
Hall (A)*

*Session (4)  
Vascular and Endovascular*

Chairpersons	N. Abdul-Rahman, M. Ammirati, Alaa Fakh, <b>Juha Hernesniemi</b> , Amro Mansy.
11:30-11:50 AM	Multi modality management of AVM. <b>T. Tominaga</b> . Sendai; Japan
11:50-12:10 PM	Surgery for the paraclinoid aneurysm of the internal carotid artery. <b>Kazuhiro Hongo</b> . Shinshu; Japan
12:10-12:30PM	Endovascular surgery of Aneurysms. <b>Jacques Moret</b> , Paris; France.
12:30 -12:50 PM	Endovascular surgery for ruptured vertebral artery dissection. <b>Yasushi Matsumoto</b> and Teiji Tominaga. Sendai; Japan.
12:50-01:10 PM	Strategies for Selection and Optimization of Carotid Bypass for Skull Base Tumors and Aneurysms. <b>William Couldwell</b> . Salt Lake City, Utah; USA.
01:10-01:30 PM	Possibilities of the use of flow diverting stents in the treatment of giant cerebral aneurysms. <b>Marco Leonardi</b> , Massimo Dall'Olio, Luigi Simonetti, Ciro Princiotta, Luigi Cirillo. Neuroradiology, Bologna; Italy.
01:30-01:45 PM	Microsurgical & Endovascular strategies to treat spinal cord arteriovenous fistulae. <b>Tamer Hassan</b> , Mohamed El-Fiki, Alexandria, Egypt.

*11:30 AM-01:45 PM  
Hall (B)*

*Session (5)  
Spine*

Chairpersons	Ahmed Eissa, Alaa Fakh, Magdy Osman, Paul Young, Zaki Seddik
11:30-11:45 AM	Complication in spine surgery. <b>Jack Jallo</b> , Thomas Jefferson; USA
11:45-12:00 PM	Surgery for Kyphosis. <b>Mehmet Zileli</b> , Ankara, Turkey
12:00-12:45 PM	Management of Tethered Spinal Cord in Symptomatic

	and Asymptomatic Patients, Retrospective evaluation of clinical outcome in 32 patients. <b>Ali Abou-Madawi</b> , Suez Canal; Egypt
12:45 -01:00 PM	Cervical kinematics after total disc replacement (TDR): The DISCOCERV Prosthesis. Where are we standing 11 years. <b>Aymen Ramadan</b> . Geneva; Switzerland.
01:00-01:15 PM	Regenerative Sclerotherapy A good Adjuvant in spine management. <b>Mohamed Mohi Eldin</b> . Cairo; Egypt.
01:15-01:30 PM	Blue disc. <b>Abdul-Wahab Ibrahim</b> . Mansoura; Egypt
01:30-01:45 PM	Outcome of surgical management of lumbar disc herniations and canal stenosis: Review of 206 cases. <b>Zenebe Gedlie Damtie</b> , Addis Ababa, Ethiopia

01:45-02:30 PM

## Lunch

02:30 -03:45 PM	<i>Session (6)</i>
Hall (A)	<i>Extended Endoscopic Techniques</i>
Chairpersons:	Liliana Goumnerova, Jack Jallo, Nabil Hasan, Amr Safwat, Richard Teo.
02:30 -02:45 PM	Experience with endoscopy in management of cerebellopontine angle pathology. Ahmed Nageeb Taha, Mohamed Kasem, <b>Mostafa Mahmoud</b> , Ahmed Zaher, Mansoura; Egypt
02:45-03:00 PM	Endoscopic endonasal transsphenoidal pituitary and skull base surgery. Why endoscopy succeeded? <b>P. Cappabianca</b> , Nappoli; Italy
03:00-03:15 PM	Endoscopy in the management of brain tumors. <b>L. Goumnerova</b> . Harvard Medical School, Boston; USA
03:15-03:30 PM	Endoscopic endonasal skull base surgery. <b>H. Schroeder</b> , Greifswald; Germany.
03:30-03:45 PM	Navigation-guided Endoscopic Surgery of the Sellar Region. <b>Mohamed El-Fiki</b> , Ahmed Aly Ibrahim. Departments of Neurosurgery & ENT head and Neck Surgery, Alexandria; Egypt. Endoscopic endonasal Transsphenoidal surgery, early experience of neurosurgical department, <b>Barakat MA</b> , Atef AA, El Khishen S, and Tourky S. Tanta, Egypt.
03:45-05:00 PM	<i>Session (7) Endoscopy Versus Microsurgery</i>
Hall (A)	
Chairpersons	K. Aurelien, Ahmed Dokmak, El-Gohary Moahmed, Ismaiel Ramadan, Mohamed Shaat
03:45-04:00 PM	Endoscope versus microscope in the Trans-septal transsphenoidal approach for pituitary tumors. Ahmed Y. Rizk, Magdy Abdullah, <b>Mohamed G. Ammar</b> . Zagazig, Egypt.

04:00-04:15 PM	Tuberculum sellae meningiomas: open vs endoscopic techniques. <b>F. Gentili</b> , Toronto, Canada
04:15-04:30 PM	Strategies in surgery for anterior skull base meningiomas: endoscopic or microscopic – endonasal or transcranial? <b>H. Schroeder</b> . Greifswald, Germany.
04:30-4:45 PM	The parameters of success and failure of endoscopic surgery for hydrocephalus in infants and children. <b>Ahmed Yehia El-Husieny</b> , Adel Hanafy **, Ahmed shawky** Zagazig, and Menofya; Egypt.
04:45-05:00 PM	Approach planning in the endoscopic management of Aqueduct lesions. <b>Islam Gawish</b> , Michael Gaab. Nordtstadt KH. Hannover, Germany.

<i>Session(8)</i>	
<i>Functional Surgery of Epilepsy</i>	
02:30-03:45 PM Hall (B)	Chairpersons: Liliana Goumnerova, Mark Kieran, Ali Kotb, Radwan Nouby, Samy Turk,
02:30 -02:45 PM	Surgery of tumors of the motor-related areas. <b>Toshiki Yoshimine</b> , Osaka; Japan.
02:45-03:05 PM	Connecting the brain with computer: the brain-machine interface (BMI). <b>Toshiki Yoshimine</b> , Osaka; Japan
03:05-03:20 PM	Intraoperative Mapping In Epilepsy Surgery. Indications And Our Institutional Experience. <b>Mostafa A. El Khashab</b> , A. Fried, G.Ghacibeh. Hackensack University Medical Center, NJ, USA.
03:20-03:35 PM	Corpus Callosotomy in the management of intractable epilepsy. Experience in children and adults in a major epilepsy center. <b>M. El Khashab</b> , A. Fried, G. Ghacibeh, H. Meller. Hackensack University Medical Center, NJ; USA.
03:30-03:45 PM	Different surgical strategies for surgical treatment for intractable epilepsy with cortical dysplasia. <b>Ali M</b> , H. Kishima, A Kato, S. Oshino, M. Hirata, K Hosomi, T Goto, T Yanagisawa, Y Saitoh, T. Yoshimine. Osaka; Japan.

<i>Session (9)</i>	
<i>Innovative Surgical Techniques</i>	
03:45-05:00 PM Hall B	Chairpersons Adel Eissa, Mohamed Hafez, Mohamed Kanan, Marco Leonardi, Abdul-Alim Ragab.
03:45-04:00 PM	Interfascial Technique for Vertebral Artery Exposure in the Suboccipital Triangle: The Road Map. <b>A. Samy Youssef</b> , Harry van Loveren, M.D. South Florida, Tampa, Florida, USA.

04:00-04:15 PM	MRI tractography as a determining factor in intrinsic brain lesions surgery: Clinical study. <b>Ahmed Rabie</b> , Mohamed El-Fiki, Ahmed Farhoud, Hussam Metwally. Alexandria University, Egypt
04:15-04:30 PM	Hemangioblastoma, medulla oblongata. <b>Ibrahiem Sobieh</b> . Amman; Jordan.
04:30-04:45 PM	Liquid Nitrogen sterilization of bone grafts. <b>Tarek Elserry</b> . Ain Shams, Egypt.
04:45-05:00 PM	Understanding the role of orthopedic surgery in cerebral palsy. <b>Hazem El-Tayeby</b> , Department of Orthopedics, Tanta, Egypt.

08:00 PM

## *Gala Dinner*

Coronation after main Course

Honorary ESNS Senior Pioneers:

**Gamal Azab,**

**Hasan Gaweish,**

ESNS dedication awards:

**Mohamed Loutfy**

**Adel-Hakim,**

**Mohamed Tawfeek**

**Rusdhy El-Khayat**

**Abdul-Wahab Ibrahimien,**

**Ahmed Yehia El-Husieny,**

Friday: March 12, 2010

### *Session (10)*

07:30-09:00 AM

### *Endovascular & Surgical Techniques*

Chairpersons: Madjid Samii, Alaa Abdul-Hay, Sherief Ezzat, Mustafa Fathy, Ahmed El-Gheriany

07:30-07:42 AM Intracranial dural Arteriovenous malformation. Techniques of Endovascular Embolization using Onyx18. **Ayman Zakaria Ahmed**. Cairo, Egypt.

07:42-07:54 AM Safety of Cervical Carotid Angioplasty and Stent Placement with cerebral protection devices. **Mohamed Alaa El-Din Habib**. Ain Shams; Egypt.

07:54-08:06 AM Efficacy of the preoperative administration of Statin and Cilostazol on stroke prevention during carotid artery stenting, pilot study. **Naoto Kimura**, Masayuki Ezura, Ichiro Suzuki, Shinjitu Nishimura, Koji Uenohara, Teiji Tominaga. Sendai, Japan.

08:06-08:18 AM Removal of supratentorial meningiomas with magnifying lenses at the CHU of Yaounde. A series of ten cases. **Noumbe B**, Ngo Nonga (1), C. Monabang (2),

	<b>B. Jemea (3), C. Simeu (3), M. Nkam (3), S. Takongmo. Yaounde, Cameroon.</b>
08:18-08:30 AM	Water dissection technique of Toth: applications and results at Assiut University Hospital. <b>Khallaf, M. Ragab, A. Elgheryany, R. Elkhayat, Asuit, Egypt.</b>
08:30-9:00 AM	<b>Special Session: Pitfalls, Complications &amp; Problem Solving</b> <b>Chairman &amp; Moderator: Adel El-Hakim, Ain Shams, Egypt</b>
09:00-11:15 AM Hall (A)	<i>Session (11) CNS Tumors</i>
Chairpersons	Peter Black, Paolo Cappabianca, Mohamed El-Fiki Mohamed Loutfy, H. Schroeder
09:00-09:15 AM	<b>Special Guest Lecture</b> <b>“Recent developments in meningiomas”</b> <b>Peter Black, Harvard Medical School, Boston, USA.</b>
09:15-09:30 AM	Transcortical transventricular approach in colloid cysts of the third ventricle. <b>Beskonakli, Ankara, Turkey.</b>
09:30-09:45 AM	Management challenges of large sized Vestibular Schwannomas: Tumor resection, functional preservation and outcome. <b>Hussien. El-Maghraby, C. Collis, R. Quiney, A. Wright, and R. Bradford R, University Hospital Coventry &amp; Warwickshire; UK.</b>
09:45-10:00 AM	Endoscopic Approaches for Craniopharyngiomas. <b>Charles Teo. Sydney; Australia.</b>
10:00-10:15 AM	Translamina terminalis approach for third ventricular tumors. (Craniopharyngioma). <b>Ibrahiem Sobieh, Amman; Jordan.</b>
10:15-10:30 AM	Chordomas and chondrosarcomas: open vs endoscopic techniques and the role of photon vs proton radiation therapy. <b>F. Gentili, Toronto; Canada</b>
10:30-10:45 AM	Cerebellopontine angle lesions: management. <b>Ashraf Faried, Al Hakim AH, Khairallah AN, Al Husseiny HM, S. Tourky. Tanta, Egypt.</b>
10:45- 11:00 AM	Clinical management of petroclival meningiomas and the eternal quest for preservation of quality of life: Personal experiences over a period of 20 years <b>V. Seifert, Frankfurt AM; Germany.</b>
11:00-11:15 AM	Optic canal involvement in meningiomas; Pattern of involvement and its implication on surgical technique. <b>Ahmed Nageeb M. Taha, Svetlana Pravdenkova, Ossama Al-Mefty. Mansoura, Egypt.</b>
	Coffee Break
11:15-12:15 Noon	<b>Workshops</b>

Hall A	<b>Workshop I:</b> Legal and Forensic medicine in Neurosurgery Workshop. (Arranged by Prof. Dr. <b>Hussam El-Husieny</b> )
Hall B	<b>Workshop II:</b> Understanding New Regulations for Promotion to Assistant Professor and full professor workshop. Prof. Dr. <b>Nabil Hassan Khalil</b> . Head of promotion league & Vice President ESNS. Sponsored by ESNS.
Exhibition Hall	<b>Workshop III:</b> Frameless Spinal Navigation ( <b>Ahmed Eissa, Radwan Nouby, Ahmed Shakal, A. Shehabuldin</b> )
Exhibition Hall	<b>Workshop IV :</b> Cervical Lateral Mass Fixation ( <b>Mustafa Kotb, Ali Abou Madawi, Ahmed Yehia, Ahmad Hamad, Ihab Zidan</b> )
Exhibition Hall	<b>Workshop V:</b> Dynamic Spinal Implants ( <b>Alaa Fakhr, Mohamed Mohi, Ali Kotb, Hesham Abouel-Einin</b> )
Exhibition Hall	<b>Workshop VI:</b> Endoscopy ( <b>Henry Schroeder, Mohamed El-Fiki, Ahmed Zohdi, Omar Yousef, Alaa Abul-Raouf, )</b>
12:15 - 01:30 PM	<b>Gom3a Prayer</b>
01:30 - 03:00 PM	<b>Lunch Seminars</b>
Hall A	<b>Video session</b> 8 videos/ each 10 mins.
	1. Endoscope-assisted resection of epidermoid tumors: <b>H. Schroder</b> . Greidswaldt, Germany
	2. Surgical Correction of Spondyloptosis. <b>Abd-Elhafiz Shehab-Eldien</b> , El-Sahil Teaching Hospital, Cairo, Egypt
	3. Exclusive Intra-dural exposure and clip reconstruction of complex para-clinoid aneurysm. <b>V. Seifert</b> . Frankfurt AM; Germany.
	4. Post-Meningitic Multilocular Hydrocephalus. <b>Abd-Elhafiz Shehab-Eldien</b> , El-Sahil Teaching Hospital, Cairo, Egypt.
	5. Endoscopic Approaches for Craniopharyngiomas, <b>Charles Teo</b> . Sydney, Australia
	6. Microsurgical Approaches and Anatomy of Anterior Cervical Spine. To Define and Demonstrate Clinically important Factors in Gold-Standard Approaches to the Cervical Spine. <b>Paul H. Young</b> . St Louis, Mo; USA.
	7. Endoscopic skull base approaches corridors. Anatomical dissection. <b>Hussam Metwalli</b> , Mohamed El-Fiki, T. Tomita*, T. Kawase*. Alexandria, Egypt & Keio*, Japan.
	8. Unruptured Intracranial Aneurysms: What is the best treatment? <b>Christopher Loftus</b> . Temple.

Pennsylvania; USA.

01:30 - 03:00 PM  
Hall B

*Special Luncheon*  
*(Round table discussion)*

*“Global View on International Neurosurgery,  
past, present with a glimpse at the future”*

Chairpersons

Peter Black, Madjid Samii, T. Hongo, Charles Teo,  
Mamdouh Salama.

01:00-01:15 PM

1. Neurosurgery training program in Ethiopia, The role of commitment and collaboration. **Zenebe Gedlie Damtie**, Addis Ababa, Ethiopia.

01:15-01:30PM

2. Moya Moya disease. **T. Tominaga**, Sendai, Japan.

01:30-01:45 PM

3. Evolution of skull base surgery. Canadian perspective. **F. Gentili**. Toronto; Canada.

01:45-02:00 PM

4. Neurosurgery in Germany Past Present and Glimpse at the future. **V. Seifert**. Frankfurt AM; Germany

02:00-02:15 PM

5. Neurosurgery in Turkey. **E. Beskonakli**. Ankara; Turkey

02:15-02:30 PM

6. Surgery of the Brain Stem. **H. Bertalanfy**. Zurich; Switzerland.

02:30-02:45 PM

7. How brain mapping influenced our strategy in brain Surgery. **Madjid Samii**. Hannover; Germany

02:45-03:3:00

8. Surgery of Pineal Tumours, personal experience in over 120 cases. **J. Hernesniemi**. Helsinki, Finland.

03:00-04:00 PM  
Hall(A)

*Session (12)*  
*Functional Surgery*

Chairpersons

Yousef Al-Awady, William Couldwell, H. El-Sherief,  
Ussama El-Ghanam, A. Nabil Kairallah,

03:00-03:30 PM

**Special Guest Lecture**

Introduced by Prof. Dr. Hasan Gawish

**“Surgery of intramedullary spinal tumors”**

**Helmut Bertalanfy**,  
Zurich; Switzerland.

03:30-03:45 PM

Anatomy of the temporal lobe and limbic system. **Jose Piquer Beloch**. Madrid; Spain

03:45-4:00 PM

Spinal cord stimulation for central post-stroke pain. **Mohamed Ali**; Youichi Saitoh; Koichi Hosomi ; Satoru Oshino; Haruhiko Kishima; Hirata M; Toshiki Yoshimine, Osaka; Japan.

04:00-05:00 PM  
Hall(A)

*Session(13)*  
*General Neurosurgery*

Chairpersons

Ramy Amin, Mario Ammirati, Nagi Elwany, Ahmed Salem, Mehmet Zileli.

04:00-04:15 PM

Giant extradural hydatid cyst in the dorsolumbar spine with transforaminal extension: A case report and review of the literature. **Ashraf Shaker**, Ahmed Nageeb Taha. Mansoura; Egypt.

04:15-04:30 PM

Management of traumatic Brain Edema in Critically ill

	Patients. <b>Nadeem Abdul-Rahman</b> , A Fayed, H Abouel-Einen*. Critical Care Medicine and Neurosurgery*, Alexandria, Egypt.
04:30-04:45 PM	A comprehensive classification of induced cerebral aneurysmal changes in a simplified experimental rat model. <b>Hany Eldawoody</b> , Hiroaki Shimizu, Naoto Kimura, Atsushi Saito , Toshio Nakayama, Akira Takahashi , Teiji Tominaga. Sendai; Japan & Mansoura; Egypt.
04:45-05:00 PM	Muscle transfer around the shoulder in cases of brachial plexus birth palsy. <b>Hesham El-Sobkey</b> , Mansoura; Egypt.

---

<b>03:00-05:00PM</b> <i>Hall(B)</i>	<i>Session (14)</i> <i>Skull Base</i>
<b>Chairpersons</b>	Ezzat Abdul-Khalek, Yousef Barakat, Yehia El-Henawy, Salah Kahla, Mustafa Kotb.
03:00-03:15 PM	Supra-Orbital and Supra-Glabellar Mini Craniotomy For Anterior Skull base Lesions: Outcome and Results. <b>Omar Yousef Hammad</b> , Ain Shams; Egypt.
03:15-03:30 PM	Managing Difficult Meningiomas. <b>A. Samy Youssef*</b> , Angela E. Downes**. South Florida, Tampa, Florida* & Mississippi, Jackson, Mississippi**; USA.
03:30-03:45 PM	Posterior midline Suboccipital-C1 approach for Surfacing Foramen Magnum Meningiomas. <b>Shehab-Eldien</b> A-E.; Abd-Elmoneim M. S., Hindam H ; AboElkher E. El-Sahel Teaching Hospital, Cairo; Egypt.
04:00-04:15 PM	Surgical experience in the management of ventrally located foramen magnum space occupying lesions. <b>Mohammed Kassem</b> , Ahmed N Taha, Ashraf Shaker, Mohammed Safwat Ibrahim. Mansoura; Egypt.
04:15-04:30 PM	Jugular bulb circumventing technique: A modification of the petrosal approach for hearing preserving exposure of the central clival depression. Anatomical study. <b>Hussam Metwally</b> , Mohamed El-Fiki. Kenji Ohata*, Alexandria, Egypt, & Osaka; Japan.
04:30-04:45 PM	Single center experience with transoral approach; review of 15 patients. <b>Mahmoud Taha</b> , Zagazig; Egypt.

---

Saturday: March 13, 2010

<b>09:00-10:15 AM</b> <b>Hall(A)</b>	<b>Session (15)</b> <b>Skull Base</b>
<b>Chairpersons</b>	Rushdy El-Khayat, Wahab Ibrahiem, Mustafa Mohyuldin, Abdul-Haliem Musssa, Mohamed Tawfeek.
<b>09:00-09:15 AM</b>	Preliminary experience with microsurgical management of brain stem gliomas. <b>Ahmed Farhoud</b> , Alexandria, Egypt.
<b>09:15-09:30 AM</b>	The far lateral supra-cerebellar infratentorial approach to lesions of the tentorial surface of the cerebellum. <b>Ahmed Nageeb M. Taha</b> , Ramez Malak, Syed Moinuddin, Badih Adada. Mansoura, Egypt—CNS tumor
<b>09:30-09:45 AM</b>	Tentorial meningioma: surgical management and experience with 24 cases. <b>Hesham M. Hozayen</b> . Cairo, Egypt.
<b>09:45-10:00 AM</b>	Surgical experiences in foramen magnum meningiomas: straight forward parachondylar route and radical removal. <b>Volker Seifert</b> , Hiram Bassiouni, Erdem Güresir, Frankfurt AM; Germany.
<b>10:00-10:15 AM</b>	Sequalae of autologous fat graft used for reconstruction after skull base procedures. <b>Ahmed Nageeb M. Taha</b> , Svetlana Pravdenkova, Ossama Al-Mefty. Mansoura; Egypt.
<hr/>	
<b>10:15-11:15 AM</b> <b>Hall(A)</b>	<b>Session (16)</b> <b>Radiosurgery of CNS Tumors</b>
<b>Chairpersons</b>	Samir El-Mola, Yehia El-Henawy, Usama El-Ghanam, Ahmed Salem, Paul Young.
<b>10:15-10:45 AM</b>	Fractionated Radiosurgery of Brain Tumors. <b>Mario Ammirati</b> . Columbus, Ohio, USA
<b>10:45-11:00 AM</b>	Photon radiosurgery of neuroepithelial brain tumors. <b>Osama S. Abdelaziz</b> , Alexandria; Egypt.
<b>11:00-11:15 A M</b>	Extradural Hemorrhage. Is there a role for endovascular treatment?. Roy McConnell. <b>Mahmoud Kamel</b> , Ahmed Nageeb Taha, Cristian Gragnaniello, Michael Kelleher, Ian Rennie. Mansoura, Egypt.
<hr/>	
<b>09:00-11:15 AM</b> <b>Hall(B)</b>	<b>Session (17)</b> <b>Advanced Spine Techniques</b>
<b>Chairpersons</b>	Alaa Abdul-Kader, William Lo, Ayman Ramadan, Mohamed Safwat, Abdul-Kafy Sharaful-Din.
<b>09:00-09:15 AM</b>	The role of indocyanine green real time Angiography in procedures of the anterior circulation aneurysm. <b>Islam Gawish</b> , Michael Gaab. Nordtstadt KH. Hanover, Germany.

09:15-09:30 AM	Evaluation of synthetic versus autologous Bony graft fusion in acute thoraco- lumbar burst fractures. <b>Akram M. Awadalla.</b> Zagazig; Egypt.
09:30-09:45 AM	Coflex- Augmented Lumbar Microdecompression /Microlaminectomy (Comparative Pilot Study) <b>Mohamed Mohi Eldin.</b> Cairo; Egypt.
09:45-10:00 AM	Posterior Endoscopic Controlled Surgery of High Grade Spondylolisthesis. <b>Shehab-Eldien A-E</b> , Abd-Elmoneim M S, Hindam. El-Sahel Teaching Hospital, Egypt.
10:00-10:15 AM	Endoscopic discectomy and/ or foraminotomy in multiple level lumbar radiculopathy: surgery and outcome. <b>Omar Yousef Hammad.</b> Ain Shams; Egypt.
10:15-10:30 AM	Minimal Invasive Surgery for spinal trauma: Outcome of percutaneous vertebral augmentation with percutaneous. <b>H. El-Maghraby</b> , SM Joshi, A Ahad, H Ellamushi, J Yeh. UK
10:30-10:45 AM	The stenosis of the lumbar spine - etiology and treatment options. <b>M Eif</b> , H. Schenke, Städtisches Klinikum Görlitz Germany
10:45-11:15 AM	Microsurgical anatomy of the Lumbar spine. <b>Paul Young.</b> St Louis. Missouri, USA.

11:15 AM

### *Closing Ceremony*

***Alaa Fakhr***

### *Poster session*

Less invasive amygdalo-hippocampectomy using navigation system via inferior temporal gyrus.

**Ali M**, H. Kishima, A Kato, S. Oshino, M. Hirata, K Hosomi, T Goto, T Yanagisawa, Y Saitoh, **T. Yoshimine**, Osaka, Japan

Immediate single-stage reconstruction of complex frontofaciobasal injuries ) : **Akram Awadalla.** Zagazig, Egypt.
